

I JORNADAS IBÉRICAS DE FOTOQUÍMICA – PROGRAM
(12 Plenary lectures and 15 oral contributions)

DAY	TIME	
Thursday 18	11:30 – 16:00	Registration
	16:00 – 16:20	Welcome
	16:20 – 17:10	Nikolaus P. Ernsting. Humboldt-Universität zu Berlin, Germany. <i>Femtosecond transient absorption spectroscopy: New techniques and photochemical applications</i>
	17:10 – 18:00	Santi Nonell. Institut Químic de Sarrià, Barcelona, Spain. <i>Fotosensibilización en procesos de interés biológico</i>
	18:00 – 18:15	Coffee Break
	18:15 – 19:00	Poster session 1
	19:00 – 19:50	Maria da Graça Miguel. Universidade de Coimbra, Portugal. <i>New light on DNA compaction.</i>
	19:50 – 20:30	O 1, O 2
	21:00	Welcome Reception

Friday 19	9:00 – 9:50	Axel Griesbeck. Universität zu Köln, Germany. <i>Isotope effects in triplet photocycloadditions: a terra incognita.</i>
	9:50 – 10:30	O 3, O 4
	10:30 – 10:45	Coffee Break
	10:45 – 11:30	Poster session 2
	11:30 – 12:20	António L. Maçanita. Inst. de Tecnologia Química e Biológica, Oeiras, Portugal. <i>Proton and electron transfer of anthocyanins in their ground and excited states</i>
	12:20 – 13:00	O 5, O 6
	13:00 – 15:00	Lunch
		<i>Session dedicated to the late Juan Manuel Figuera, first President of the Spanish Group of Photochemistry</i>
	15:00 – 15:20	Memorial
	15:20 – 16:10	Margarita Martín. Instituto de Química Física Rocasolano, Madrid, Spain. <i>Fotoquímica de la ablación con láseres</i>
	16:10 – 16:30	O 7
	16:30 – 17:00	Coffee Break
	17:00 – 17:50	Bernard Valeur. Conservatoire National des Arts et Metiers, Paris, France. <i>Calixarene-based fluorescent molecular sensors for cation recognition.</i>
	17:50 – 18:30	O 8, O 9
18:30 – 21:00	Visit to Santiago de Compostela	

Saturday 20	9:00 – 9:50	Claus Seidel. Heinrich-Heine-Universität Düsseldorf, Germany. <i>Analysis of molecular structure and dynamics by multiparameter single-molecule fluorescence spectroscopy.</i>
	9:50 – 10:50	O 10, O 11, O 12
	10:50 – 11:20	Coffee Break
	11:20 – 12:10	Mário Nuno Berberan-Santos. Instituto Superior Técnico, Lisboa, Portugal. <i>Photophysics and applications of the external heavy atom effect.</i>
	12:10 – 13:00	Meetings of the Photochemistry Groups of Spain and Portugal
	13:00 – 15:00	Lunch
	15:00 – 15:50	Manuela Merchán. Universitat de València, Spain. <i>Fotobiología Teórica: Estructura electrónica, Fotofísica y Fotoquímica de biomoléculas</i>
	15:50 – 16:40	Jorge Parola. Universidade Nova de Lisboa, Portugal. <i>Fluorescent polyamine chemosensors.</i>
	16:40 – 16:55	Coffee Break
	16:55 – 17:40	Poster session 3
	17:40 – 18:30	Jordi Marquet. Universitat Autònoma de Barcelona, Spain. <i>Fuerza conductora termodinámica versus barrera cinética intrínseca en el control de la reactividad química. Activación de reacciones prohibidas de fotofragmentación reductiva</i>
	18:30 – 19:30	O 13, O 14, O 15
	19:30	Closing ceremony
	21:00	Conference Dinner
